

FULLY VACCINATED TRAVELLERS ENTERING CANADA DURING COVID-19

PRE-BORDER

- Plan your quarantine.
- Pre-register for your arrival test.
- Within 72 hours before your arrival to Canada:
 - Take a COVID-19 molecular test
 - Use **ArriveCAN** to enter your information
- Have your ArriveCAN receipt and documents ready, including digital or paper copy of proof of vaccination.

What you need to enter into ArriveCAN:

- Contact & travel information
- 14-day travel history
- Quarantine plan
- Confirmation of a negative pre-entry test (or positive test taken 14-90 days prior to travel)
- Proof of vaccination (must be in English or French, or a certified translation)
- COVID-19 symptom self-assessment

AT THE BORDER

- Provide required information and documents, including proof of vaccination, if requested.
- Answer all eligibility, vaccination and health screening questions.
- Complete your arrival test on site if services are available. Otherwise, collect a home test kit to use when you arrive at your destination.
- If you have symptoms or do not meet the exemption requirements, follow the instructions provided by the government representative.

AFTER ENTRY

- If you meet all the entry requirements and are fully vaccinated, you are exempt from:
 - quarantine
 - government-authorized hotel (air travellers)
 - day 8 test
- You may receive notifications from **ArriveCAN**; however, you are not required to send in reports.
- If you got a home test kit, complete and send it to the lab.
- If your arrival test is positive, you must follow the instructions of your local public health authority including quarantine or isolation.
- Keep your proof of vaccination for 14 days.
